# Final Meeting Newsletter 7

## Final Meeting

THE FINAL MEETING WAS HELD ON JULY 7 AND 8 IN LISBON, PORTUGAL.

It was successfully held with the support of Microsoft Portugal. The Final Meeting brought together all partners to review the project results and achievements. The agenda included presentations on the outcomes, discussions on its sustainability, and a final evaluation. The aim of this Meeting was to ensure that all partners had a clear understanding of the project results and to identify opportunities for future collaboration.

While the Sustainable Solutions project concludes, our commitment to protecting the planet.

## Our final task

The final meeting brought all the partners together to review the project outcomes and discuss any final considerations. By holding this meeting, WP5 was able to ensure that all partners were on the same page and that the project results were properly documented and shared.

Participants were able to evaluate the results and impact of the project, identify challenges and opportunities for future collaboration, exchange best practices and the opportunity to network together.
